Quiz: GFS

Test your knowledge of the Google File System by completing this quiz.

Quiz ?

Statement

In GFS, files are divided into ------- chunks.

Select Multiple Options

False ⊗
☐ Variable size

Correct ✓
☑ Fixed size

False ⊗
☐ Both fixed and variable size

False ⊗
☐ None of the above

Check Answer

Correct Answer ✓

Quiz ?

Statement

To detect data corruption, GFS compares the contents of chunks on multiple ChunkServers.

Select Multiple Options

False ⊗
☐ True

Correct ✓
☑ False

Check Answer

Correct Answer ✓

Quiz ?

Statement

File naming (or renaming) operation is atomic.

Select Multiple Options

Correct ✓
☑ True

False ⊗
☐ False

Check Answer

Correct Answer ✓

Quiz ?

Statement

To collect ChunkServer's state, GFS master sends regular ------ messages to each ChunkServer.

Select Multiple Options

False ⊗
☐ KeepAlive

False ⊗
☐ Status

False ⊗
☐ StayAlive

Correct ✓
☑ HeartBeat

Check Answer

Correct Answer ✓

Quiz ?

Statement

Does GFS use time-bound leases to reduce the network traffic?

Select Multiple Options

Correct ✓
☑ True

False ⊗
☐ False

Check Answer

Correct Answer ✓

Quiz ?

Statement

Which two strategies are used to keep GFS highly available?

Select Multiple Options

False ⊗
☐ Fast Recovery and Checksumming

False ⊗
☐ Checksumming and Operation Log

False ⊗
☐ Checksumming and Master Replication

Correct ✓
☑ Fast Recovery and Chunk Replication

Check Answer

Correct Answer ✓

Quiz ?

Statement

Random writes into files in GFS are

Select Multiple Options

False ⊗
☐ Frequent

False ⊗
☐ Very Frequent

Correct ✓
☑ Less Frequent

False ⊗
☐ Rare

Check Answer

Correct Answer ✓

Quiz ?

Statement

Random writes into files in GFS are

Select Multiple Options

False ⊗
☐ Slow reads

Correct ✓
☑ Slow writes

False ⊗
☐ Slow appends

False ⊗
☐ None

Check Answer

Correct Answer ✓

Quiz ?

Statement

| **Distributing replicas onto different racks has following benefits (select all that apply):**

Select Multiple Options

False ⊗
☐ Faster writes

Correct ✓
☑ Faster reads

Correct ✓
☑ Better reliability

False ⊗
☐ Data integrity

Check Answer

Correct Answer ✓

Quiz ?

Statement

What does a ChunkServer store? Select all that apply.

Select Multiple Options

Correct ✓
☑ Chunk data (one file per chunk)

False ⊗
☐ Chunk ACLs

Correct ✓
☑ Chunk metadata (version number, checksum)

False ⊗
☐ Location of chunk replicas

Check Answer

Correct Answer ✓
