Grokking Microsoft Coding Interview

Crack the Microsoft Coding Interview: The Ultimate Guide to Master the Top 50 Most Frequently Asked Coding Questions From Microsoft Interviews.

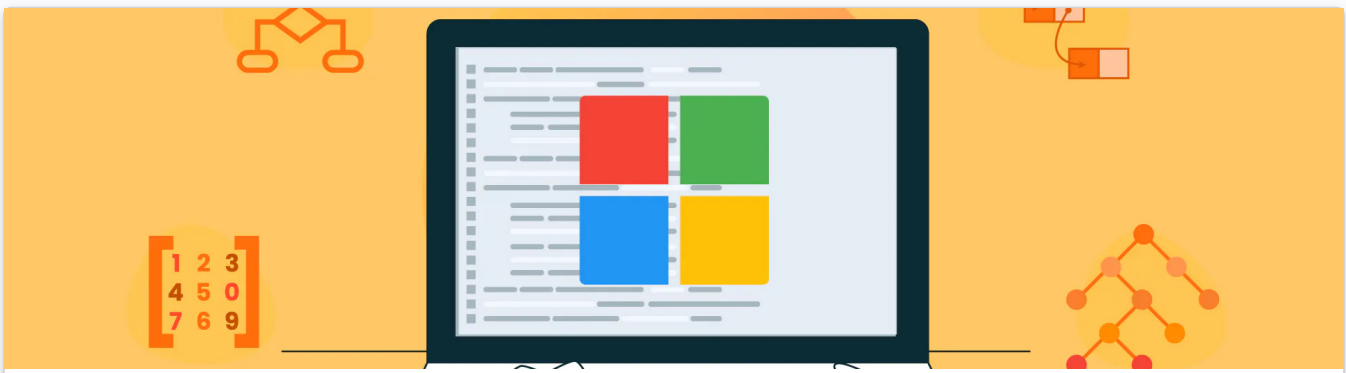

Level: Beginner | Study Time: 25h | Lessons: 101 | Playgrounds : 103

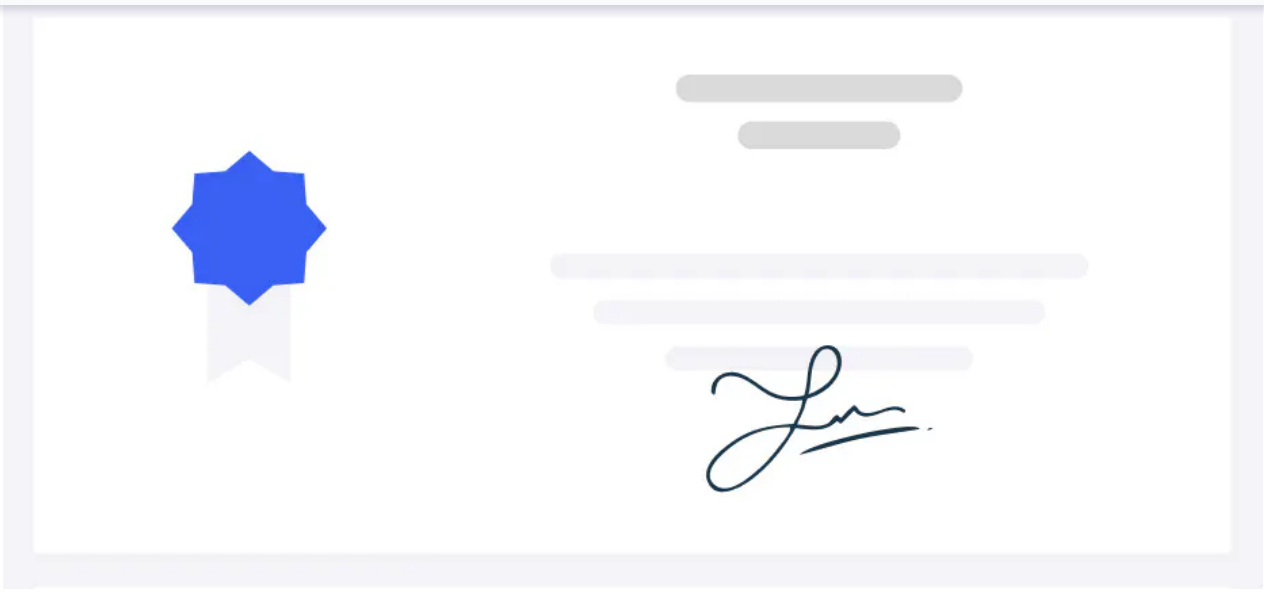

Course Overview

This comprehensive course is specifically designed to prepare candidates for their Microsoft coding interviews, offering an in-depth exploration of the 50 most frequently asked questions at Microsoft. It serves as an essential tool for anyone looking to excel in the highly competitive Microsoft coding interview process. With a focus on practical, hands-on learning, this course provides learners with the unique opportunity to practice and master the intricacies of Microsoft coding interview questions within a fully interactive in-browser coding environment. By concentrating on the key areas and challenges faced in Microsoft coding interviews, this course ensures that candidates are well-prepared to tackle the questions with confidence and precision.

Highlighting crucial aspects of the Microsoft coding interview, the course is designed to enhance your problem-solving skills, improve your coding efficiency, and deepen your understanding of algorithms, data structures, and coding patterns, all of which are critical for success at Microsoft. Whether you are a beginner aiming to get a head start in your preparation or an experienced developer seeking to brush up on your skills, this course caters to all levels of expertise.

Each question is meticulously chosen to reflect the type of challenges faced in actual Microsoft coding interviews, making it an invaluable tool for those aspiring to become part of Microsoft or excel in FAANG coding interviews.

Course Content

1. Introduction — 1 chapter

- Who Should Take This Course?

2. Microsoft Easy Problems — 30 chapters

- Buddy Strings (easy)
- Solution: Buddy Strings
- Can Place Flowers (easy)
- Solution: Can Place Flowers
- Reverse a LinkedList (easy)
- Solution: Reverse a LinkedList
- Maximum Number of Balloons (easy)
- Solution: Maximum Number of Balloons (easy)

Solution: Binary Tree Path Sum

Pair with Target Sum (easy)

Solution: Pair with Target Sum

Buy Two Chocolates (easy)

Solution: Buy Two Chocolates

Root Equals Sum of Children (easy)

Solution: Root Equals Sum of Children

Excel Sheet Column Title (easy)

Solution: Excel Sheet Column Title

Merge Strings Alternately (easy)

Solution: Merge Strings Alternately

Min Cost Climbing Stairs (easy)

Solution: Min Cost Climbing Stairs

Plus One (easy)

Solution: Plus One

Intersection of Two Arrays (easy)

Solution: Intersection of Two Arrays

Find the Index of the First Occurrence in a String (easy)

Solution: Find the Index of the First Occurrence in a String

Merge Two Sorted Lists (easy)

Solution: Merge Two Sorted Lists

3. Microsoft Medium Problems

50 chapters

- Solution: Nth Digit
- Restore IP Addresses (medium)
- Solution: Restore IP Addresses
- Find Original Array From Doubled Array (medium)
- Solution: Find Original Array From Doubled Array
- Reverse Words in a String II
- Solution: Reverse Words in a String II
- Longest Arithmetic Subsequence (medium)
- Solution: Longest Arithmetic Subsequence
- Matchsticks to Square (medium)
- Solution: Matchsticks to Square
- Score of Parentheses (medium)
- Solution: Score of Parentheses
- Maximum Length of a Concatenated String with Unique Characters (medium)
- Solution: Maximum Length of a Concatenated String with Unique Characters
- Inorder Successor in BST (medium)
- Solution: Inorder Successor in BST
- Distribute Coins in Binary Tree (medium)
- Solution: Distribute Coins in Binary Tree
- Spiral Matrix (medium)
- Solution: Spiral Matrix
- Delete Node in a BST (medium)
- Solution: Delete Node in a BST

- Solution: Sum of Subarray Minimums
- Rotate Image (medium)
- Solution: Rotate Image
- Combinations (medium)
- Solution: Combinations
- Maximum Level Sum of a Binary Tree (medium)
- Solution: Maximum Level Sum of a Binary Tree
- Multiply Strings (medium)
- Solution: Multiply Strings
- Best Time to Buy and Sell Stock II (medium)
- Solution: Best Time to Buy and Sell Stock II
- Largest Palindromic Number (Medium)
- Solution: Largest Palindromic Number
- Remove Duplicate Letters (medium)
- Solution: Remove Duplicate Letters
- Next Permutation (medium)
- Solution: Next Permutation
- 132 Pattern (medium)
- Solution: 132 Pattern
- Valid Sudoku (Medium)
- Solution: Valid Sudoku
- Number of Islands (easy)
- Solution: Number of Islands

Solution: Buildings With an Ocean View

4. Microsoft Hard Problems

20 chapters

- Regular Expression Matching (hard)
- Solution: Regular Expression Matching
- First Missing Positive (hard)
- Solution: First Missing Positive
- Largest Rectangle in Histogram
- Solution: Largest Rectangle in Histogram
- Sliding Window Maximum (hard)
- Solution: Sliding Window Maximum
- Count Unique Characters of All Substrings of a Given String (hard)
- Solution: Count Unique Characters of All Substrings of a Given String
- Word Ladder (hard)
- Solution: Word Ladder
- Word Ladder II (hard)
- Solution: Word Ladder II
- Number of Flowers in Full Bloom (hard)
- Solution: Number of Flowers in Full Bloom
- Median of Two Sorted Arrays (hard)
- Solution: Median of Two Sorted Arrays
- Longest Valid Parentheses (hard)
- Solution: Longest Valid Parentheses
